ABOUT ME

Recent graduate looking for an opportunity in software development. Highly poised and dedicated with a strong education in design principles and programming languages. Committed professional offering more than 6 years of experience in the field of web application development. Excellent communication skills and a consistent team player in all sorts of environments. Seeking to expand talents by bringing a wealth of expertise to a well-established company.

WORK EXPERIENCE

Jan 2018 - Present *Freelance Developer*

- Created innovative websites with animations, and audio, and video displays.
- Developed graphics for site pages following branding guidelines and best practices.
- Completed website backup and disaster recovery planning daily, reducing data hack or loss risks.
- Integrated advanced UI principles for user-centered design.
- Delivered clean, error-free code matching project scope and minimizing performance issues.

Oct 2019 - Jan 2021 *Website Administrator at InvestAfricamedia LTD*

- Ensured web server systems ran smoothly and efficiently through periodic test runs and evaluations.
- Conducted in-depth fault finding into website malfunctions to identify problems, make action plans and implement intelligent solutions.
- Created advanced websites, holding up to multiple web pages with web builders including WordPress and React.
- Analyzed website and web server performance, making recommendations for enhancement based on inefficiencies and faults.
